Hi Angie/Alba,

Attached you will find 2019 Section 105 – 2nd Amendment (that includes \$75k in the budget plan)...

Let us know if you have any questions regarding this...

Happy Holidays!!!

Thank-you
Shika

Hi Shika,

Since the project has already started, the revised pages should be sent as soon as possible. I do not need a full application, just the applicable revised pages.

I will be out of the office beginning December 24th until January 7th. If I don't receive the revised application pages before I leave tomorrow, I will work on this amendment when I return.

Thanks!

- Angie

Hi Angie,

When is this due by?

I am currently working on 2 new applications, therefore want to prioritize it accordingly!

Thank-you
Shika

Hi Jeremy,

Thank you for providing the project description and budget detail. Since ARB is adding \$75k to the current CAA 105 grant, I also need a revised and signed grant application pages (Page 3 of the SF-424) to show the increased Federal amount, and revised budget pages (SF-424A) reflecting the additional \$75k in the various budget categories. These documents should be sent directly to me and Alba Espitia via email, not through grants.gov.

Prashika, please let me know if you have any questions.

Thanks and Happy Holidays!

- Angie

Hi Angie,

I just wanted to follow up to check on the status of additional \$75K in 105 grant funding and if there is anything else that needs to be done on our end?

Shika, I've included you in this email, because I was told that Mary Hung is no longer in the Federal Unit. We're working with EPA on getting an additional \$75K added to the 2019 105 grant in order to extend field work that is currently being conducted in the SJV through early February 2019. I believe the attached word docs are what Mary said she needed from us, but if there is anything else, please let me know.

Thanks,
Jeremy

Subject: additional 105 grant project/amendment

Hi Angie,

Attached is a description of the work to be performed with the additional \$75K in 105 grant funding, as well as a budget breakdown. This work falls under Strategic Plan Objective 1.2 in the FY2019 Work Plan for the 105 Grants (attached). Specifically, under the "Refining the current understanding of particulate matter pollution" bullet on page 10 of the work plan. Please let us know if there is anything else you need from us.

Mary, is there anything else you will need from us on CARB's end?

Thanks,
Jeremy
